Alma Lasers Ranked 20th Fastest Growing Technology Company on the 2005 Deloitte Technology Fast 500 EMEA

Attributes its 3232 % Percent Revenue Growth to Innovative Technology

Fort Lauderdale, Florida, USA, December 6, 2005, www.almalasers.com – **Alma Lasers, Ltd. announced today that it ranked 20th on the 2005 Deloitte Technology Fast 500 EMEA** (Europe, Middle East and Africa), a ranking of the 500 fastest growing technology companies in Europe, Middle East and Africa. Rankings are based on percentage revenue growth over five years, from 2000–2004. **Alma Lasers grew 3232 percent during this period.**

Alma Lasers' CEO Ziv Karni, Ph.D., credits innovative technology and attention to customer needs with the company's 3232% revenue growth over the past five years. He said, "We are very proud to be named to the Fast 500 list by Deloitte - it's a remarkable achievement. We attribute our rapid growth to the innovative nature of our products, which is based on in-depth knowledge of the needs of the market and our ability to deliver products that answer or anticipate these needs. Our customers should feel a part of making the Fast 500 possible and we are grateful for their confidence in us."

"Being one of the 500 fastest growing technology companies in EMEA is an impressive accomplishment. We commend Alma Lasers for making the Deloitte Technology Fast 500 EMEA with a phenomenal 3232% growth rate over five years," said Eric Morgain, partner in charge of Deloitte's Technology Fast 500 EMEA program.

To determine the fastest growing companies, Deloitte reviewed fiscal year revenues over five years (2000-2004), calculated the revenue growth percentage over five years, and compared the growth of technology companies.

In addition to ranking on Deloitte's Technology Fast 500, Alma Lasers ranked 4th on the Israel Technology Fast 50, which is a ranking of the 50 fastest growing technology firms in Israel. Overall, companies that ranked on the 2005 Technology Fast 500 had an average growth rate of 935 percent.

About Alma Lasers

Alma Lasers, Ltd. is a global developer, manufacturer and seller of laser and light-based devices for aesthetic, medical and dental applications. Alma Lasers resulted from the merger of two laser companies, MSQ, Ltd., founded by industry veteran laser physicist Ziv Karni, Ph.D. and Orion Lasers, Inc., a U.S. based laser distributor. Since 1980, the founders of Alma Lasers have been at the forefront of innovative laser and light-based medical technology. Their technical expertise and in-depth understanding of practitioners' needs led to the development of Alma Lasers' multi-technology/multi-application Harmony platform. Alma Lasers' mission is to provide modular, cost-effective and high performance designs which enable medical practitioners to confidently offer safe, effective and profitable aesthetic treatments to their patients.

Alma Lasers = Wellbeing Through Technology
